CRICKET

Cricket have to put up with several weekends of wild weather but have continued to be competitive across all grades. The new Women's Senior team made the press this week and we wish them well in the rounds to come. See the recent article in the [Star Weekly edition of the 18th of November](#).

Lions feel 'complete' after the launch of women's team

By Tara Murray

The decision to build a women's side this season has made Taylors Lakes Cricket Club complete.

Having had junior sides along with a men's side previously, the Lions felt it was time to field a women's side this season.

In the space of just a month, they managed to get a side up and running which is now playing in the Victorian Turf Cricket Association.

Lions president Paul Wolf said things couldn't have gone much better with the side.

"We are thrilled with how things are going," he said. "We had the ambition and put out an expression of interest in August."

"It has been fantastic and Taylors Lakes now feels complete. We have juniors, seniors and a women's side, it puts the whole place together."

"It should have been done years ago."

The club initially planned to enter a side in the North West Metropolitan Cricket Association but decided to play in the VTCA.

Wolf said they felt they had the talent to play in the higher competition which plays

normal cricket rules and with full sides.

He said the club and the group were so focused on being successful and having a sustainable program.

"It has been successful and we're delighted with the mix. We have a couple of experienced heads and some new starters and some up and comers."

"We've got 13-14 players in the squad and it's been really enjoyable so far."

Captain Thomas Hurst said he had really enjoyed working with the side.

"We've got some key values and it's about development," he said. "We want them to enjoy training and playing and success will naturally follow that."

"There's an eagerness to learn and learn quickly which is positive."

"They are driving it and the amount of improvement in the last couple of months."

Hurst said the group was gaining more confidence in all elements of the game.

The side had been lucky to have Jodi Donovan and Alisha Fowler come across who both provide plenty of leadership on the field.

For both Wolf and Hurst it's about building the program for the future and taking the

The first Taylors Lakes women's side. (Supplied)

wins when they come.

"It's been really good as it's been one club, one family and one purpose," Hurst said.

"We treat the club like a cricket family and it was the one thing we were lacking."

"There's more kids and husbands

watching games and they come to training as well as we don't want that to be a barrier."

"There's a good buzz."

The Lions, who are still looking for their first win of the season, were due to face Coburg on Sunday, after deadline.

FOOTBALL AND NETBALL

Football have continued their preparations for 2026 with commitment from Steve Burns as Senior Coach for 2026-2027. The recent Football Club AGM saw a changing of the guard with Dave Darcy stepping down after several years at the helm and Matt Noy taking over the top role and Ian Parfait stepping in as Vice-President. See the Football club social media pages for details of latest signings across the mens and the womens teams.

BASKETBALL

Basketball continue to grow with new teams being added each season. Of great interest is the possibility of the KBA holding Senior Rep games at the new venue – which would be a great feather in the cap of the club if that occurred. Planning for their 14th December Christmas Party Fundraiser is in full swing. The committee are pleased to announce that @thecoffee_mill, Mr Twisty and Mobile Ice creams will be onsite catering to all our hungry members. 10% of all profits will be donated back to the club. We are still seeking donations for our raffles, if you would like to contribute please reach out to one of our committee members.

TAYLORS LAKES SPORTING CLUB Inc.

Registered No. A0001319X

Tennis, Social Club, AusKick & Cricket Juniors.

TENNIS

Tennis are enjoying their new facility which is also getting great feedback from visiting teams and players. Tennis Australia has already confirmed two points tournaments at the club for 2026 which is again very good recognition of the facility and the way the club is managed. Tennis will be holding a members opening day and end of season function at the rooms on the 6th of December. The two change rooms designed for Cricket and Football as part of the new tennis facility have also been put to good use with the Taylors Lakes Women's Cricket team having the honour of being the first team to use them on a competition day.

LIGHTING UPGRADE NEWS – AN UPDATE

This week has seen one more step taken towards the lighting upgrade. Both the Sporting Club and the Football Club have submitted further letters of support last Monday for the upgrade to Brimbank Council. The letters of support were requested by Brimbank last Friday as part of their process in obtaining the Federal funding promised by Alice Jordan-Baird prior to the Federal Election earlier this year. This is a requirement in the funding process and a positive action which moves us one step closer to our goal.

SPORTING CLUB AGM – FRIDAY NOVEMBER 28TH

The AGM for the Incorporated Association will be held in the rooms at 6.30pm on Friday 28th of November. All members welcome to attend. Agenda and other information available at <https://www.tlsc.asn.au/annual-general-meeting/> Members can obtain a copy of the Auditors Report prior to the meeting by emailing a request to the Secretary@tlsc.asn.au from next Tuesday 25th November.
